Annual Volunteer Sign Up for Chino Hills State Park

Chino Hills State Park will hold its annual Volunteer Sign Up on October 8, 2005 at 4:00pm.

There are several opportunities to become part of a great team. The park is looking for volunteers for the Mounted Assistance Units (horse patrol) - MAU, Bike Assistance Units - BAU, and a Natural History Unit - NHU.

The main function of the MAU and the BAU is to provide assistance to park visitors by advising them of the park rules and through interpreting the natural and cultural resources of the park. The NHU helps with our native plant nursery and nature hikes.

All groups help with special events such as WILDERNESS DAY and LIVING HISTORY DAY as well as other special events.

Those who attend the annual volunteer sign up will be interviewed and if selected, will begin the paperwork process. There will be two weekends of training in which the newly selected volunteers will need to attend.

If you have any questions, please contact Ranger Stephen at 714-572-0182.
